Ultrasound Workshop

Available to full registrants only | Additional cost of \$300

The much anticipated workshop to compliment the didactic session on critical care ultrasound. This practical session will consist of four different modules covering a wide spectrum of applications for ultrasound in clinical practice. The participants will have the opportunity to participate in advanced applications of ultrasound with each "hands-on" module being 45 minutes in duration. Don't miss this opportunity to learn valuable new skills or hone existing skills in critical care ultrasound.

14:00 - 14:10	Coordination of Groups
14:10 - 15:00	Module 1: EFast
15:00 - 15:50	Module 2: Cardiac Echo
15:50 - 16:40	Module 3: Shock & Hypotension
16:40 - 17:30	Module 4: Vascular - Aorta & DVT

* Academic Program is subject to change. Please see website for most up-to-date program.

Academic Provisional Program

Friday, 20 September 2013

AM Friday, 20 September 2013
